

At Agri-Fresh, we see trucking differently.

First of all, we treat our professional drivers just like we treat our customers. Meaning, we focus on their needs and find ways to help and provide value to them. We do this because it's the right thing to do, but we also realize that shippers and experienced drivers have a lot of options. We want to be a company that shippers and drivers want to work with.

We are a family run company and have built a successful and rapidly growing business by treating people right.

Located at 100 IXL Crescent in Lockport, Manitoba, Agri-Fresh is a specialized refrigerated carrier. We only move fresh produce from California and Arizona, into the Canadian Prairies.

We are proud to be delivering fresh and healthy every day, and since we are specialists, there are a lot of benefits for our drivers. Rather than doing a lot of picks and drops throughout the day, or even day after day, our drivers leave Winnipeg and don't touch their load until they reach their destination. This means that your time is freed up to do what you love...drive a lot of miles!

It is worth mentioning that the lanes from the Canadian Prairies to California and Arizona are some of the most beautiful and enjoyable routes there are in our industry. Plan your resets to take advantage of the beauty and adventure that California and Arizona have to offer – especially in winter!

We are recruiting for Permanent Full-Time Long-Haul Truck driver positions.

If you would like to join our family, here are the requirements:

You:
