

Cobalt Industries

Accountant

Cobalt Industries is hiring a full-time accountant to join our growing team. We are a dynamic, entrepreneurial metal fabrication company with customers all over Manitoba.

Why work for us?

- You will work directly with the President and CFO, allowing you to accelerate your professional learning.
- We are committed to continuously improving our financial and operational processes, and as a key member of the finance team, you will have the opportunity to make a large, visible impact on operations.
- Tired of long working hours during tax season? As an in-house accountant, you get to maintain a much steadier work-life balance throughout the year.
- No time sheets. We value your autonomy, and therefore care more about the results you contribute than the hours you log.

Job Responsibilities

- Maintain accurate financial records
- Assist management in the decision-making process by preparing financial budgets, reports and forecasts
- Manage all day-to-day aspects of AR, AP, invoicing, billing, payroll and tax filings
- Play a key role in inventory and resource management process
- Work directly with President and CFO to analyze and continuously improve financial controls, systems and processes

Education and Experience

- Minimum 2 years accounting and bookkeeping experience. Construction / manufacturing background considered an asset.
- Minimum 2 years Quickbooks & ERP experience
- Must have post-secondary education in accounting
- Must have proficiency in Microsoft Excel
- Knowledge of EDI via FTP preferred
