Manitoba
Start
Where Futures Begin

Manitoba Start's **Diversity & Intercultural Training Program** provides employers with the tools, resources and supports needed to create a stronger, more inclusive workplace.

Whether large or small, organizations from any sector can benefit from achieving cultural competency. Fostering greater cultural understanding and improving intercultural communications creates a workplace where all employees are better able to work together, resulting in a stronger team - and stronger organization.

Business Benefits

Through the Diversity & Intercultural Training Program, we can help your organization...

Facilitate the transition of New Canadians into the workplace

Become more effective and productive by improving communication among workers from different cultural backgrounds

Create a welcoming workplace that draws - and retains - highly skilled new Canadian workers

Prevent harassment or discrimination based on cultural misunderstandings

Foster a greater sense of teamwork and unity among all employees

Tailored Training at YOUR SERVICE

Because every organization is different, we tailor the Diversity & Intercultural Training Program to meet your unique requirements, from both a business and budgetary perspective.

We will meet with you to determine whether or not your organization would benefit from our training. If so, we will assign one of our experienced Cultural & Diversity Trainers to work with you to develop your tailored plan.

Whether we recommend a workshop, seminar or consultation, we provide:

On or off-site training

Evening and weekend training (if requested)

Support and resource materials

An experiential and interactive learning approach based on solid adult education principles

Follow-up and debriefing sessions

Better Business

Diversity AND Intercultural TRAINING PROGRAM

Create New Opportunities for **EVERYONE**

Every year, as more people retire and more immigrants arrive in Manitoba, opportunities for new Canadian workers – and employers – continue to grow.

Making the most of these opportunities means creating a welcoming, inclusive workplace where everyone can use their skills, knowledge and talents to the fullest.

The Diversity & Intercultural Training Program can help you achieve cultural competency - and make your organization stronger as a result.
