Job Description

We are looking for someone with carpentry skills or a carpenter. You don't need to have a certificate or formal training. We just need someone who has done carpentry related work in the past. We have a great work/life balance and our normal hours of operation are Monday – Friday from 8 – 4:30. Jobsite is located within the City of Winnipeg limits and can be reached by city transit (bus) if you don't have your own transportation. This is a full-time position and we seek someone who is energetic, punctual and reliable. You will work alongside a crew under a journeyman carpenter. We are a family organization with great values.

Employer requirements

Skills relating to carpentry work. Operating skill saws, table saws, cutting, measuring, operating hand and power tools. Duties include completing basic demolition, cleaning up and preparing work sites, delivering materials, and setting up ladders and temporary structures. You must be able to follow directions, have a basic understanding of framing, siding, and trim installation. Wage negotiable depending on experience. Ukrainian immigrants are welcome.
