Job Description

General Labourer

We are looking for a general labourer to work on a crew that is currently doing Jackhammering. If you are strong and fit and looking for a challenge that can lead to a great career, this might be what you are looking for. We have a great work/life balance and our normal hours of operation are Monday – Friday from 8 – 4:30. Jobsite is located within the City of Winnipeg limits and can be reached by city transit (bus) if you don't have your own transportation. This is a full-time position and we seek someone who is energetic, punctual and reliable. You will work alongside a crew. We are a family organization with great values.

Employer requirements

Direct experience is not required but is an asset. You must be capable of operating a jackhammer, which is hard, physically demanding work. Other tasks required might be shoveling, standing for long periods of time, operating hand and power tools, tying rebar, pouring and forming concrete. You must be reliable, punctual and looking for long term employment. Work environment can be dusty and dirty but all required equipment and safety items are provided. A background in Construction is an asset. You must be able to understand and follow instruction. Wage is negotiable depending on experience. Ukrainian immigrants are welcome.
