Job Description

Mechanic

We are looking for someone with mechanic skills to fix and maintain a variety of construction equipment. From small tools to skid-steers and other specialty equipment related to our concrete restoration business. You don't need a certificate or formal training. The ideal candidate would be a self started with ingenuity. Position could be full or part time depending on your needs. The position could also be flexible to have you work on our job-sites along with the crew if you would like some variety. We have a great work/life balance and our normal hours of operation are Monday – Friday from 8 – 4:30 if you are available to work full-time. Jobsites are located within the City of Winnipeg limits and at our shop in central Winnipeg. We seek someone who is energetic, punctual and reliable. We are a family organization with great values.

Employer requirements

Skills relating to mechanic work. Fixing equipment such as skid-steers, large air compressors, motors and sandblasters. Wage negotiable depending on experience. Ukrainian immigrants are welcome.
