

Journeyman Mechanic

Hitrac

Job Description

Hitrac is a heavy equipment dealership that is looking to hire a full time journeyman mechanic to service, repair, and complete maintenance work on Case products as well as other customer and/or dealer owned equipment. An extensive employment package includes a competitive wage, ongoing training opportunities, an allowance for tools and boots, a comprehensive benefits package, and a company pension plan.

Skills and Responsibilities:

The candidate must be a Journeyman heavy duty mechanic

The candidate must be able to:

- operate hand tools and air tools
- perform preventative maintenance, diagnostics, trouble shooting and general repair on a wide range of construction equipment
- complete accurate and descriptive documentation of all completed repairs
- have knowledge of safety procedures and practices necessary while operating or repairing machinery and equipment
- travel when necessary to repair machinery throughout Manitoba and northwest Ontario.
- work as part of an effective team

Employment Requirements

- Completion of secondary school is usually required.
- Completion of a three- to five-year apprenticeship program
or
A combination of over four years of work experience in the trade and some high school, college or industry courses in heavy equipment repair is usually required to be eligible for trade certification.
- Heavy-duty equipment technician trade certification is compulsory in Quebec and Alberta and available, but voluntary, in all other provinces and the territories.
- Agricultural equipment technician trade certification is available, but voluntary, in Newfoundland and Labrador, Nova Scotia, Prince Edward Island, New Brunswick, Ontario, Manitoba, Saskatchewan, Alberta and British Columbia.
- Red Seal endorsement is also available to qualified heavy duty equipment technicians and agricultural equipment technicians upon successful completion of the interprovincial Red Seal examination.

Hours: Full Time
