

Health Care Aide

What does "Redefining care" mean to you?

ParaMed team members share the goal of redefining care in the home. Join Canada's largest home health care company and make a real difference in the lives of people in your community. We provide quality, compassionate care directly to patients where they live because we believe that when you are in need of care, home is a more comfortable place to be.

The Health Care Aide (HCA) will provide individualized care that is sensitive to the patients' unique needs, providing assistance with Activities of Daily Living (ADL's) and Independent Activities of Daily Living (IADL's) through a patient specific assignment working under the direction of and in collaboration with a regulated health care professional. Care will take place in the community, within a patient's home.

What ParaMed offers:

- Competitive compensation
- Health and dental benefits
- Company-issued mobile device to stay connected
- Paid training, skills development and career advancement opportunities
- Flexible working schedule: Full-time and part-time positions available
- Autonomy and independence
- Employee purchase discount programs
- A supportive and respectful workplace within a community of supportive leaders and colleagues
- One-on-one patient care

Qualifications/Requirements:

- Certificate from an accredited HCA program or HCA challenge course
- Ability to demonstrate compassion, tact and diplomacy when interacting with patients and their families
- Experience working with the acutely ill, chronically ill or palliative patients is an asset
- A passion for making a difference in your community
- Strong communicate skills both through oral and written mediums
- Valid driver's license and access to a vehicle is strongly preferred

Join us as we continue our 40+ year tradition to help people live better and provide the most compassionate care possible! Join a winning team and let's succeed together!
