Job Description

Mechanics in this unit group test, repair and service motorcycles, motor scooters, snowmobiles, forklifts and all-terrain vehicles. They are employed by service shops of motorcycle dealers and retailers and by independent service establishments.

Specific Duties:

- Review work orders and discuss work to be performed with supervisor
- Inspect and test engine and other mechanical components using test devices to diagnose and isolate faults
- Adjust, repair or replace mechanical or electrical system parts and components using hand tools and equipment
- Test and adjust repaired systems for proper performance
- Perform scheduled maintenance service on equipment
- Advise customers on work performed and general condition of equipment
- Determine estimates of repair cost
- May repair and rebuild hoisting mechanism and other mechanical systems on industrial trucks and forklifts.

Requirements:

- Completion of secondary school is usually required.
- Completion of automotive service technician apprenticeship program
Or
A combination of over 3 years of work experience in the trade and high school, college or industry courses in automotive technology is required to be eligible for trade certification
- Other mechanics in this unit group may require several years of on-the-job training.
- Red Seal endorsement is also available to qualified motorcycle mechanics upon successful completion of the interprovincial Red Seal examination.

Additional Information:

- Red Seal endorsement allows for interprovincial mobility.
- There is mobility among some occupations in this unit group.
- Progression to supervisory positions is possible with experience.
- May repair and rebuild hoisting mechanism and other mechanical systems on industrial trucks and forklifts.
