

JOB PROFILE

Job Title: Utility Labour/General Labour

Location: Winnipeg, MB

Company: Aecon Group Inc.

Position Overview

Faster.Smarter.Safer. This is how Aecon Utilities is committed to delivering projects. Aecon Utilities is ready to become Canada's #1 utility construction provider and we're looking for a Utility Labour/General Labour to help us get there!

Reporting to the appropriate site supervisor, the Utility Labour/General Labour will be responsible to ensure the achievement of general and specific project requirements.

Key Responsibilities

- Prepare and clean up construction sites.
- Move materials and equipment and perform demolition, excavation, and compaction activities.
- Handle and distribute construction materials (e.g. load and unload vehicles with supplies, equipment, and construction materials; move tools, equipment, and construction materials to and from work areas; remove rubble and other debris).
- Excavate, backfill, and compact subgrade (e.g. move and level earth using shovels and rakes, operate pneumatic tampers).
- Assemble shoring and barricades at construction sites.
- Performs other duties and responsibilities as required.
- Repetitive movement.
- Able to perform in a fast-paced environment.
- Continuously changing work tasks.
- Ability to work a significant number of hours throughout the day.
- Ability to lift and work with materials weighing up to 25kg.
- Ability to work in all weather conditions and environments.

Required Knowledge and Experience.

- Experience working in a similar role within the industry.
- Physical strength and stamina.
- Manual dexterity.
- A safety-conscious attitude.
- The ability to work with others in a team.
- Ability to use stairs, ladders, and climb over rough terrain.
- Ability to work long hours per day sometimes in rough weather conditions.
- Ability to work in all weather conditions and environments.
