

General Manager

Description

Welch Materials (Canada) Inc is located in Gilbert Plains, Manitoba, within the Parkland region, Canada's principal industrial hemp growing area. Welch materials is now the leading provider of industrial hemp fiber and hurd products by using its registered trademark of "Plains Hemp". With more than 30 years of hemp processing experience, Welch materials specializes in creating customized solutions for innovative hemp product applications and promoting eco-friendly products with our state-of-the-art technology. Today, to ensure the successful business expansion and tech-upgrade, we are looking for a dedicated General Manager to supervise the company's overall operations, formulate policies and strategic plan, and establish the direction of the company.
