

Watch Maker - NOC: 62202

Description

About Us:

At Swift Quartz, we take pride in offering exquisite jewelry pieces and expert services to our valued customers. With a legacy of craftsmanship and dedication to quality, we specialize in watch repair, fine jewelry repair, bespoke jewelry design, and sales of premium watches and jewelry. Our commitment to excellence extends beyond our products, as we strive to provide exceptional customer experiences through our knowledgeable staff and personalized service.

Job Description:

Join our esteemed team at Swift Quartz as a skilled Watchmaker and contribute to our legacy of excellence in watch repair and restoration. As a Watchmaker, you will play a pivotal role in preserving the intricate craftsmanship and functionality of timepieces, ensuring that each watch leaving our store meets the highest standards of quality and precision.

Duties

Responsibilities:

- Repair and restore a wide range of timepieces, including luxury watches, vintage pieces and modern designs.

- Diagnose issues with watch movements, complications, and mechanisms, using specialized tools and equipment.
- Disassemble clean, lubricate, and reassemble watch components with meticulous attention to detail.
- Replace worn or damaged parts, such as gears, springs, and jewels, to restore functionality and accuracy.
- Refinish watch cases and bracelets, including polishing, buffing, and refinishing to restore luster and appearance.
- Provide estimates for repair costs and timelines, communicating effectively with customers throughout the repair process.

Qualification

Requirements:

- Experience as a watchmaker with a strong understanding of mechanical watch movements is not required but is considered as an asset.
- Attention to detail and precision, with the ability to work on intricate watch components.
- Excellent problem-solving skills, with the ability to troubleshoot and resolve complex issues.
- Effective communication skills, both verbal and written, for interacting with customers and colleagues.
- Ability to work independently and collaboratively in a fast-paced environment.
- Commitment to continuous learning and professional development in the field of watchmaking.
- Flexibility to adapt to changing priorities and deadlines.
