

# Acupuncturist

## Description

Acupuncturists are **skilled professionals committed to holistic wellness, specializing in ancient Chinese therapy**. They diagnose ailments, offer personalized treatment plans, and seamlessly perform traditional acupuncture techniques to promote wellbeing and alleviate pain.

## Duties

- Diagnose symptoms, imbalances, physiological disorders and injuries of patients according to Chinese medicine traditions
- Educate patients on risks and benefits of treatments
- Develop and implement treatment plans including acupuncture, acupressure, moxibustion, cupping, scraping or electrical current
- Evaluate and document patients' progress
- May provide dietary and lifestyle advice including information on life therapies such as energy control therapy (Qi Gong)
- May develop treatment plans in collaboration with other health care professionals.
