

Deck Worker- NOC: 75110

Description

We are hiring a motivated Deck Worker to assist in the construction and installation of outdoor decks. This position requires hands-on work involving cutting, measuring, and assembling deck components. The ideal candidate will have experience in carpentry or construction and a strong understanding of outdoor deck building techniques. The Deck Worker will also assist in ensuring that projects are completed according to design specifications and safety standards.

Duties

- Load and unload construction materials, and move materials to work areas
- Perform other activities at construction sites, as directed
- Help with the assembly and installation of decks, including framing, laying decking boards, and securing railings.
- Measure, cut, and shape lumber and other materials needed for deck construction according to specifications.
- Use hand and power tools such as saws, drills, and hammers to assist in building decks.
- Clear and level work areas, ensuring the site is ready for deck installation.
- Assist in setting posts, beams, and joists to create a stable foundation for the deck.
- Check lumber, hardware, and other materials for quality and ensure they meet project requirements.
