

Plumber Helper - NOC: 75110

Description

We are seeking a reliable Plumber Helper to assist in various plumbing tasks on our construction projects. The ideal candidate will support plumbers in the installation, maintenance, and repair of plumbing systems, including piping and fixtures. This role involves handling tools, transporting materials, and ensuring work areas are prepared for the job. Applicants should be physically capable of lifting heavy materials and able to follow directions accurately to assist the plumber in completing tasks efficiently.

Duties

- Load and unload construction materials, and move materials to work areas
- Help plumbers with tasks such as assembling, installing, and repairing plumbing systems, including pipes, fittings, and fixtures.
- Transport tools, equipment, and materials to the work site and ensure plumbers have everything needed for the job.
- Clean and prepare work areas by removing debris and ensuring a safe working environment.
- Measure, cut, and thread pipes using hand or power tools, as directed by the plumber.
- Assist in laying out, positioning, and securing pipes during installations or repairs.
- Perform basic maintenance duties such as cleaning and maintaining tools and plumbing systems.
- Assist in testing plumbing systems for leaks or issues and report findings to the plumber.
