

# Acupuncturist

## Description

### OUR STORY

Established in 2000, Nan Acupuncture Therapy Centre is an esteemed Homeopathic Clinic dedicated to complementary healing and pain-management. Our treatments are designed with care and attention to detail in order to provide a complete holistic approach to the problems you might be having.

Each session starts with a thorough patient evaluation to better understand your unique health questions and concerns. Then we devise a tailored treatment plan that is unique to you. We keep a careful eye on the outcomes and make adjustments as needed.

## Duties

### Responsibilities

- Diagnose patient illnesses and minor injuries, such as allergies and muscle strains or sprains
- Diagnose physiological disorders and injuries of patients
- Treat patients by administering, in chemical or herbal form, a small dosage of a remedy made from natural substances or by suggesting lifestyle changes
- Manipulate or apply pressure to various parts of the body, hands and feet
- Provide other alternative forms of health care to patients
