

Autobody Technician

Description

Viking Motors is seeking a skilled and detail-oriented **Autobody Technician** to join our team in Arborg, Manitoba. In this role, you will be responsible for repairing and restoring vehicles to their original condition following collisions or damage. You will play a crucial part in ensuring customer satisfaction by delivering high-quality work and maintaining the safety and aesthetics of every vehicle you work on.

Duties

- Repair damaged vehicle bodies, including dent removal, panel replacement, and frame straightening, using specialized tools and equipment.
- Prepare surfaces for painting by sanding, masking, and priming, ensuring a smooth and even finish.
- Mix and apply paint to vehicles, matching colors accurately and achieving high-quality results.
- Replace or repair damaged or defective parts, such as bumpers, fenders, and doors, as needed.
- Conduct thorough quality inspections to ensure that repairs meet industry standards and customer expectations.
- Maintain a clean and organized work area, adhering to safety protocols and guidelines at all times.
- Collaborate with team members and communicate effectively with customers to provide updates on repair progress and address any concerns.
- Stay updated on industry developments and best practices to continuously improve skills and knowledge.
