

## Residential Construction Supervisor (NOC: 72013)

### Description

We are seeking a skilled Residential Construction Supervisor to oversee the residential projects. The ideal candidate will supervise and coordinate a team of carpenters, cabinetmakers, and other construction workers to ensure that projects are completed on time, within budget, and to the highest standards.

### Responsibilities:

- Lead, coordinate, and schedule the work activities of carpenters and other construction workers involved in the residential projects.
- Establish efficient methods to meet work schedules and coordinate activities with other departments to ensure smooth project execution.
- Requisition materials and supplies as needed to support ongoing projects, ensuring timely procurement and availability.
- Address and resolve work-related issues, recommending measures to improve productivity and resolve any challenges on-site.
- Train new workers or arrange for training sessions to enhance skills and ensure safety and quality standards are met.
- Ensure compliance with safety regulations and work conditions,
