

Marine Service Technician / Motorboat Mechanic

Description

Westshore Marine and Leisure is a leading **powersports dealership**, specializing in **boats, ATVs, and outdoor recreational vehicles**. We are looking for an experienced **Marine Technician** to join our service team and work on **boat engines** and marine systems.

Job Responsibilities

Marine Engine Maintenance & Repair

- Review work orders and discuss work to be performed with the supervisor.
- Diagnose, repair, and service **outboard and inboard marine engines** (e.g., Mercury, Yamaha, Honda, Evinrude, Suzuki, Volvo Penta, etc.).
- Perform **routine maintenance**, including oil changes, water pump replacements, and fuel system cleaning.
- Troubleshoot and repair **ignition, fuel, cooling, and electrical systems** on boats.

Boat Systems & Rigging

- Install, repair, and maintain **steering systems, propellers, and trim systems**.
- Conduct **rigging and pre-delivery inspections** on new boats.
- Install and troubleshoot **marine electronics** (GPS, depth finders, sonar, VHF radios).
