

Automotive Mechanic (NOC: 72410)

Description

About us:

GWB Auto Sales has been in business for over 20 years and prides itself in excellent customer satisfaction. We are seeking a skilled and motivated Automotive Mechanic to join our growing team. This is a full-time position in a well-equipped 12-bay shop with a strong, long-term team.

This role is ideal for someone with a strong background in automotive diagnostics, repair, and maintenance who takes pride in quality workmanship and dependable service. You'll work on a variety of vehicle makes and models (including GM), using modern tools and techniques in a fast-paced dealership environment.

What We Offer:

- All necessary tools provided or supplied
- Assistance with housing in the local community
- Long-term career opportunities — many staff have 10-20+ years with us
- Modern, state-of-the-art facility

Benefits:

- Dental care
- Housing Allowance
- On-site free parking
- Paramedical services coverage
- Vision care benefits

Duties

- Perform accurate diagnostics using electrical systems, schematics, and diagnostic tools
- Repair and maintain engines, transmissions, powertrain, suspension, alignment, brakes, shocks & struts, and tires
- Diagnose and repair advanced automotive electrical systems, including diesel engines and ADAS components
- Complete routine maintenance such as oil changes, brake services, wheel alignments, and suspension work

- Use hand and power tools effectively for mechanical repairs, welding, and system calibrations
- Read and interpret schematics for complex mechanical and transmission repairs
- Communicate clearly with customers regarding repair needs and recommendations
- Maintain a clean, organized, and safe work environment at all times

Qualification

- Successful completion of secondary school
- Minimum of 2-3 years of previous dealership experience or a strong background in automotive repair preferred.
- Hands-on experience with diagnostic equipment and schematics required
- Knowledge of ADAS calibration, air brake systems, GM vehicles, automotive electrical systems, welding, and auto estimating software considered an asset
- Strong mechanical aptitude with the ability to work independently and as part of a team
- Drive manual transmission vehicle
- Must have Steel-toed safety boots
- Red Seal Certification is an asset but not required

License/Certification: Driving License – Class 5 License (required)
