

Infrastructure Analyst (Brandon, MB)

Description

WESTMAN COMMUNICATIONS GROUP (Westman) is seeking applications from energetic, highly motivated individuals to become part of our growing team! Westman is an industry-leading communications provider based in Brandon MB, offering residential and commercial High-Speed Internet, Digital TV, and Phone services in communities across Manitoba. Established in 1977, as a locally owned and operated cooperative, Westman is dedicated to delivering competitive and innovative services, providing an exceptional member experience, and supporting the communities we serve.

What we have to offer:

- Competitive compensation package.
- Comprehensive group benefits plan (extended health; life; dental; vision; GRRSP; and health and wellness).
- Various Learning and Development initiatives, and opportunities to grow within our team!
- Opportunity to participate in company events and activities and enjoy our company perks!

What you'll do:

- Provide superior customer service to internal and external users related to IT infrastructure used for internet and data services delivery.
- Procure, install, configure, and troubleshoot end-user computer hardware, software, systems, networks (LAN), printers, scanners, mobile devices, and other IT peripherals for WCG staff.
- Ensure all required software upgrades are applied in a timely fashion.
