

## General Labourer

### Description

The company:

Penner Oil has been in business for over 30 years as a wholesale distributor of petroleum products. The primary business of the company is sales and distribution of gasoline & diesel fuel and oil products in Manitoba, Saskatchewan and northwestern Ontario. Our customers are mostly rural, and range from service stations, bulk fuel dealers and farmers, to First Nation gasoline stations on outlying reserves as well as urban reserve stations. This is a great, diverse workplace with many long-term employees.

This is an entry level position with the opportunity to grow within the company, we like to promote and train our staff to be the best they can be. The workload is very diverse and gives you something new to do everyday.

Job Type: Full time, daytime hours including weekends as needed (during peak season), overtime as required.
