

# Industrial Painter

## Description

### Start Your Career with a Growing Industry Leader

VAW Systems Ltd. is an international leader in the design and manufacturing of high-performance noise control and filtration equipment for fans and gas turbine engines. With over 40 years of industry experience, we take pride in building high quality products for customers around the world — and we're just getting started.

### Why Work With Us?

At VAW, we're committed to building not just great products, but great careers. We offer:

- Competitive wage of up to \$29.42 per hour
- Comprehensive benefits including health, dental, and vision - with employer-paid premiums
- Company-matched RRSP program to help you plan for your future
- Employee Assistance Program (EAP) to support personal and family well-being
- On-the-job training with room for skill development and advancement
- Long-term employment potential in a stable, growing company

### Your Opportunity:

As we continue to expand, we're looking for motivated and reliable **Finishers** to join our fast-paced, safety-focused custom manufacturing facility. This is a great opportunity to gain hands-on experience in a
