

Forklift Operator/ Material Handler

Description

Wall Grain Handling Systems, a leader in the grain handling and storage industry is looking for a highly motivated Material Handler to be part of the operations of the company.

The Material Handler / Forklift operator will perform a variety of duties aimed at fulfilling customer orders along with receiving material. The incumbent must be able to work under pressure and in a fast paced environment.

Duties

- Ensure quality control for both incoming and outgoing materials, maintaining high standards of accuracy.
- Collaborate with team members to efficiently fulfill customer orders while ensuring timely delivery and satisfaction.
- Receive, inspect, and store incoming inventory in designated areas, ensuring proper organization and accessibility.
- Maintain a clean, organized, and safe working environment to promote efficiency and safety.
- Address customer inquiries and concerns as needed, providing excellent service and support.
- Conduct regular inspections of lift equipment to ensure safe and efficient operation.
- Adhere to productivity, quality, and health and safety procedures, policies, and targets to meet operational goals.
