Drywall Installer and Finisher

Description

We are currently seeking a skilled and experienced Drywall Installer and Finisher to join our dynamic team. The successful candidate will play a crucial role in our projects, ensuring the timely and precise installation and finishing of drywall in both residential and commercial settings.

Duties

- Measure, cut, and fit drywall sheets for installation on walls and ceilings.
- Position and secure sheets to metal or wooden studs or joists.
- Cut and install metal corner beads to protect exterior corners.
- Fill joints, nail indentations, holes, and cracks with joint compound using trowel and broad knife.
- Tape over joints using a taping machine and embed tape in the compound.
- Smooth out excess compound and allow the coat to dry.
- Apply successive coats of compound and sand seams and joints.
- Fabricate and install suspended metal ceiling grids and place panels to form acoustical and coffered ceilings.

Qualification

Requirements:

- 5 years of previous experience as a drywall installer and finisher is required
